- (Note 1) In this Notification, the “Tender Offeror” and the “Company” indicate Mitsubishi Chemical Corporation and the “Target Entity” and “Mitsubishi Plastics, Inc.” indicate Mitsubishi Plastics, Inc.
- (Note 2) In this Notification, because numerical figures may have been rounded off or truncated, the number presented as the total may not necessarily match the total sum of the relevant numerical figures.
- (Note 3) In this Notification, the term “law” refers to the Securities and Exchange Law (Law No. 25, 1948, including subsequent amendments), “ordinances” refers to the Securities and Exchange Law Enforcement Ordinance (Government Ordinance No. 321, 1965, including subsequent amendments), “government ordinances” refers to the cabinet ordinance relating to share certificate tender offer disclosures by individuals other than the issuer (Ministry of Finance Japan Ordinance No. 38, 1990, including subsequent amendments.)
- (Note 4) In this Notification, when there are statements of days or time, such statements indicate days and time in Japan unless otherwise specifically noted.
- (Note 5) The tender offer (hereinafter referred to as the “Tender Offer”) relating to the submission of this Notification targets the common stock of the Target Entity. The Tender Offer is being executed in compliance with the procedures and information disclosure standards stipulated by Japanese securities law, but these procedures and standards are not necessarily the same as the procedures and information disclosure standards in the United States of America. In particular, Section 13(e) and Section 14(d) of the U.S. Securities Exchange Act of 1934 and the regulations stipulated

thereunder are not applicable to the Tender Offer and the Tender Offer does not follow these procedures and standards. The financial statements included in this Notification were prepared based on Japanese accounting standards and are not necessarily comparable with financial statements prepared by U.S. companies.

- (Note 6) All procedures relating to the Tender Offer shall be undertaken in the Japanese language unless otherwise specifically noted. A portion of the documents relating to the Tender Offer, including this Notification, have been translated into English and in the event there is any inconsistency between said English language documents and Japanese language documents, the Japanese language documents shall prevail.
- (Note 7) This Notification contains “forward looking statements” as defined in Section 27A of the U.S. Securities Act of 1933 and in Section 21E of the U.S. Securities Act of 1934. Due to known and unknown risks, uncertainties and other factors, actual results may vary materially from the estimates and expectations explicitly or impliedly set forth in the “forward looking statements.” The Tender Offeror and its affiliated companies make no guarantees regarding the consequent accuracy of the estimates and expectations explicitly or impliedly set forth in the “forward looking statements.” The “forward looking statements” in this Notification were prepared based on information held by the Tender Offeror at the time of the date of this Notification and, unless otherwise obligated by laws and ordinances, the Tender Offeror and its affiliated companies shall bear no obligation to revise or amend these statements to reflect future events and circumstances.

5. Change in Ownership Percentage of Share Certificates and Other Securities after the Tender Offer

(Before the amendments)

Type	Number of Voting Rights
Number of voting rights represented by share certificates and other securities to be purchased. (a).....	101,769
Number of voting rights represented by residual share certificates and other securities from (a). (b)	—
Number of voting rights represented by depository receipts, share certificates and other securities displaying share certificate rights from (b). (c).....	—

Number of voting rights represented by residual share certificates and other securities from (d). (e)	—
Number of voting rights represented by depository receipts, share certificates and other securities displaying share certificate rights from (e). (f).....	—
Number of voting rights represented by share certificates owned by Special Persons on the date of submission of the Notification. (g)	<u>826</u>
Number of voting rights represented by residual share certificates and other securities from (g). (h).....	—
Number of voting rights represented by depository receipts, share certificates and other securities displaying share certificate rights from (h). (i)	—
Number of voting rights of shareholders of the Target Entity (as of September 30, 2006). (j)	213,965
Number of voting rights represented by share certificates and other securities to be purchased, as a percentage of number of voting rights of shareholders ((a)/(j)) (%)	47.32
Change in ownership percentage of share certificates and other securities after the Tender Offer ((a+d+g)/(j+(b-c)+(e-f)+(h-i))x100) (%)	100.00

(Note 1) The “number of voting rights of shareholders of the Target Entity” (j) indicates the number of voting rights of shareholders as of September 30, 2006. This number is as indicated in the Mid-term Securities Report (“*hampo*”) that was submitted by the Target Entity on December 20, 2006. However, as the Tender Offer also applies to shares constituting less than a whole unit, for the purposes of calculating the “number of voting rights represented by share certificates and other securities to be purchased, as a percentage of number of voting rights of shareholders”, and the “change in ownership percentage of share certificates and other securities after the Tender Offer”, the “number of voting rights of shareholders of the Target Entity” (j) is calculated as 215,068 units. This calculation is based on the number of the Target Entity’s outstanding shares as of September 30, 2006 of 215,366,350 shares from which the number of treasury stocks owned by the Target Entity of 297,419 shares as of September 30, 2006 is deducted to amount to 215,068,931 shares, which is used as the base number of shares. (One unit for the Target Entity consists of 1,000 shares.)

(Note 2) The “number of voting rights represented by share certificates owned by affiliated persons on date of submission of Notification” (g), indicates the total number of voting rights represented by share certificates and other securities (but excluding treasury stock owned by Mitsubishi Plastics, Inc.) owned by Special Parties. However, because share certificates and other securities owned by affiliated persons (excluding treasury stock

owned by Mitsubishi Plastics, Inc.) are also subject to the Tender Offer, there is a possibility that they may be counted twice. In order to ensure that this does not happen, for the purposes of calculating “the change in ownership percentage of share certificates and other securities after the Tender Offer,” the “number of voting rights represented by share certificates owned by Special Parties on date of submission of Notification” (g) has not been added to numerator.

(Note 3) The “number of voting rights represented by share certificates and other securities to be purchased, as a percentage of number of voting rights of shareholders”, and the “change in ownership percentage of share certificates and other securities after the Tender Offer”, have been rounded off to two decimal places.
